University of Washington School of Medicine Computer List
Last Updated: June 23, 2017
Version: 1.1

This is a list of Windows PC laptops that have been vetted by the medSTAT (Medical Student Technology Advisory Team) to meet the laptop requirements as given by the UW School of Medicine Dean's Office. This list is not exhaustive and is only intended to assist in shopping for computers that meet the system and encryption requirements. All listed computers meet requirements based on their base model (other than operating system upgrade to Microsoft Windows 10 Professional) and can be upgraded to meet recommendations. **Note: All Apple MacBook laptops meet the minimum requirements.**
