## Sample PC OSCE Patient Note -2021

Page 1 of 1

This is the writeup for the station you have just completed - Patient Name

You have **9 minutes** to complete and submit this writeup. Please remain on Zoom so your SP can proctor your exam note. The SP will also help remind you when it is time to submit and return to the main Zoom room.

There is ONE PAGE with multiple questions about findings, diagnosis and management and plan. You can change any of the answers before you submit the page.

Some of the questions below have **character limits**. There is a live character count at the bottom of the text box--please keep this in mind as you write.

Please enter your 3-digit OSCE number below:

**Required.** Enter a number (without commas).

**HISTORY:** Describe the history you just obtained from this patient. Include only information (pertinent positives and negatives) relevant to this patient's problem(s).

**Required.** Limit response to 950 characters.

950 characters remaining

**DATA INTERPRETATION:** *Based on what you have learned from the history, list up to three diagnoses that might explain this patient's complaint(s). List your diagnoses from most to least likely. For some cases, fewer than 3 diagnoses will be appropriate. Then, enter the positive or negative findings from the history that support each diagnosis. Lastly, list initial *diagnostic* studies (if any) you would order for each listed diagnosis (e.g., restricted physical exam maneuvers, laboratory tests, imaging, ECG, etc.)*

---

**DIAGNOSIS #1:**

**DIAGNOSIS #1:** Relevant History Findings

---

**DIAGNOSIS #2:**

**DIAGNOSIS #2:** Relevant History Findings

---

**DIAGNOSIS #3:**

**DIAGNOSIS #3:** Relevant History Findings

---
