

HOW TO READ YOUR ELENTRA CALENDAR

CURRICULUM MANAGEMENT SYSTEMS MANAGER

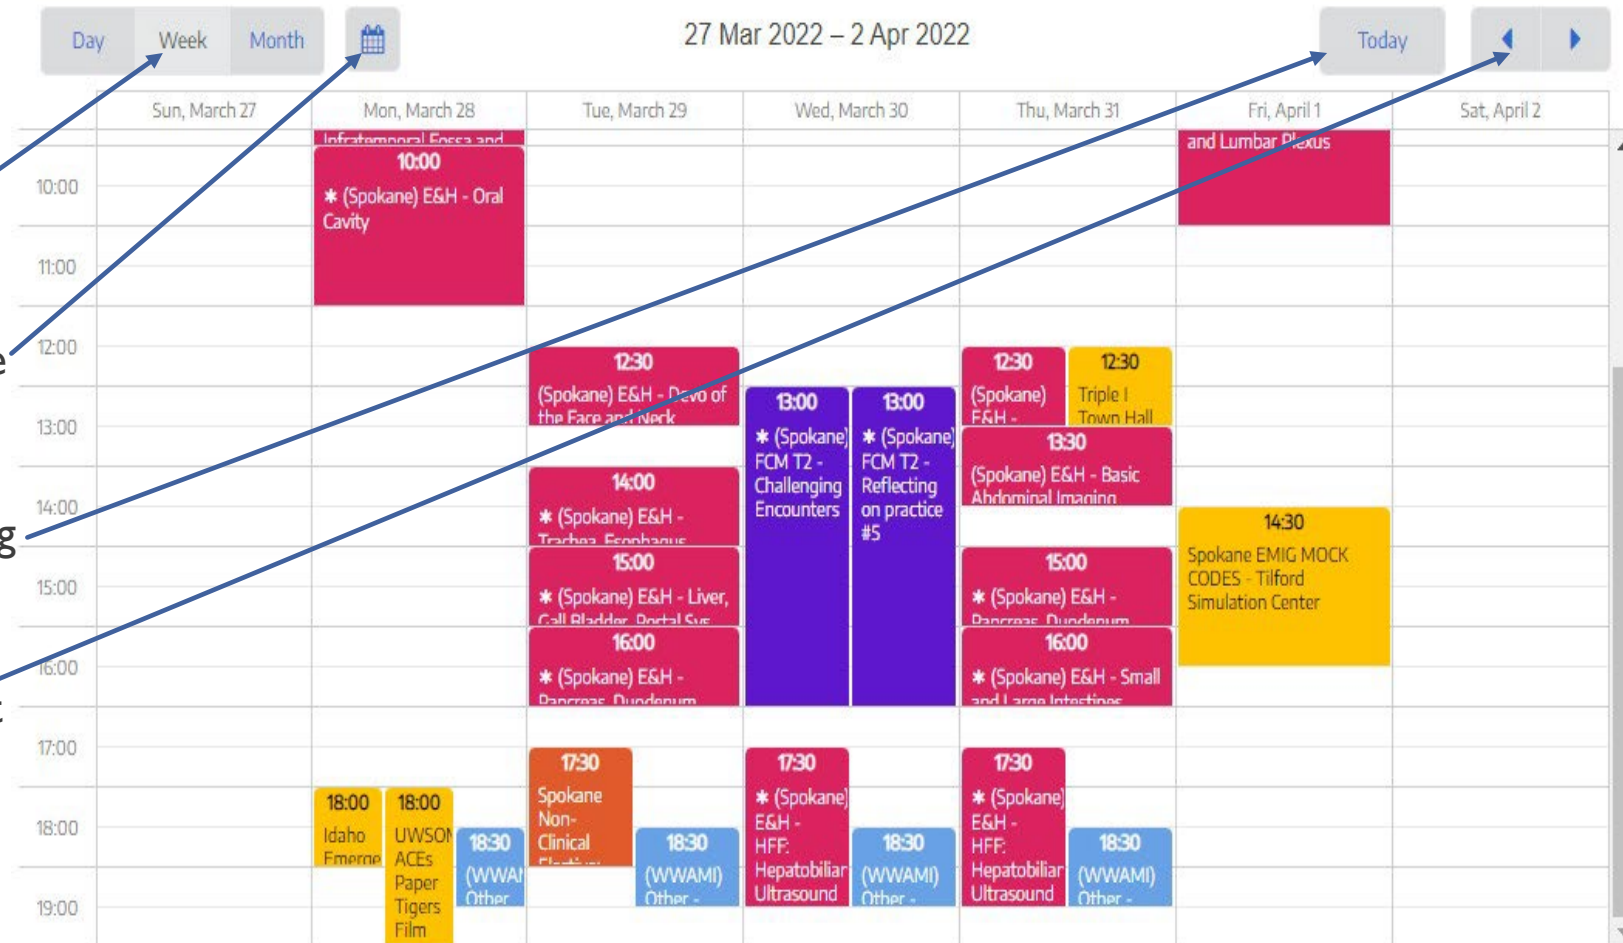

SOMCMS@UW.EDU

DASHBOARD NAVIGATION

You can also change different views of your learning events.

1. These buttons will display your events for the current day, week, or month.
2. The calendar icon will allow you to freely select a specific date.
3. The Today icon will bring you back to the current day/week/month (depending on what you chose in 1.)
4. The left and right arrows will toggle through the time frames based on what you chose in 1.

ASYNCHRONOUS SESSIONS VERSUS LIVE SESSIONS

There will be some sessions that will be pre-recorded and students will complete it asynchronously. They will be scheduled as if the session was a live lecture.

These sessions will have a “PRE-RECORDED” indicated in the title to show a pre-recorded session and should be completed prior to the live sessions of the same day. These recordings will be located on the day page on the block’s Canvas page.

In addition, “Canvas” will be placed in the location of the learning event.

Live sessions (either Zoom or in person) will be scheduled accordingly.

SESSION DETAILS

When you click on a learning event, there will be a pop-up window that will show additional details of the session you may need to know or be interested in

- The full session title will be included here.
- Full name of the Block
- Date and start time
- Duration of session
- Location
- Attendance Required or Optional
- Teaching faculty of session
- Review Learning Event (more details on next page)

The screenshot shows a calendar interface for June 10, 2022. A blue bar highlights the 08:00-09:00 slot, which is linked to a pop-up window. The pop-up window displays the following information:

- (Seattle) B&C - Fundamentals of Oncology**
- B&C: Blood and Cancer**
- Date & Time** Fri Jun 10/22 1:30pm
- Duration** 60 minutes
- Location** T435
- Attendance** *Optional*
- Recording** *Unavailable*
- Audience** E21 Seattle WWA Students
- Contact Info** [Natasha Hunter](#)
- Event Resources**
 - 0 attached files
 - 0 attached links
 - 0 exam posts
- Review Learning Event** (button)

The calendar below the pop-up shows a list of events for the day:

- 13:30 (Seattle) B&C - Fundamentals of Oncology
- 14:30 (Seattle) B&C - Pathology 1 - Grade/Stage and Genetic Syndromes
- 15:30 (Seattle) B&C - Principles of Cancer Therapy
- 16:30 (Seattle) B&C - Lymphomas and Plasma Cell Neoplasms

NOTE: All of our course materials are located on the Block's canvas page, therefore you will not find any information in the Recording and Event Resources area.

DESCRIPTION:
<https://canvas.uw.edu/courses/1480974>

Some of you may subscribe to your Elentra calendar via a personal calendar platform. Instructions on how to do so can be found on your Technology Orientation Canvas Page under “Manage class calendars in Elentra”

Items on your subscribed calendar will not contain as much information as Elentra directly, but will contain basic information such as start session title, location, start and end time, attendance requirement, duration and the event description (which will include the link to the block’s Canvas home page)

This is an example of subscribing to the Outlook Calendar.

PLEASE NOTE subscribed calendars will refresh based on the platform used. Therefore, these calendars may not update immediately if a change is made in Elentra, especially a recent change. It is always best to also refer to your Elentra directly for the most up to date information. Site Administrators should be notifying you there are any last minute changes.
