

## Checklist for MS1 Remediation

- Students who have any block remediations or multiple thread remediations: Contact Dr. Sprenger ([cts2501@uw.edu](mailto:cts2501@uw.edu)) and [somiii@uw.edu](mailto:somiii@uw.edu) to discuss your plan for a modified III project.
- Seattle and Spokane students: Register for Summer Quarter courses:
  - MEDSCI 501 – Independent Investigative Inquiry (III)
  - MEDSCI 524 – Medicine, Health, and Society II (MHS II)
  - The independent study course(s) needed for your remediation
- Alaska, Idaho, Montana, and Wyoming students: Confirm with your [Site Admin](#) that you are correctly registered with your home campus for remediation.
- By July 1**, schedule a meeting with the Block/Thread Director to:
  - Ask them to share their expectations, remediation content, and designated faculty contact.
  - Ask them to share the remediation exam format.
  - Develop a study plan.
- Schedule a meeting with a tutor at least once a week to review material.
- By the end of the second week of Summer Quarter**, email [somttests@uw.edu](mailto:somttests@uw.edu) and the Block/Thread Director the date of your remediation exam. Note: Remediation exams will only be given on Fridays.
  - RUOP students: Account for your Clinical Experience schedule (July-August) while choosing your exam date.
- Schedule a meeting with a learning specialist at least once to review study strategies.
- Schedule a mid-quarter check-in with designated faculty, if needed.
- By the last day of UW Summer Quarter**, complete your remediation exam.
